MAMSoftware

A Kerridge Commercial Systems Company

## Integrated payments.

Faster. Safer. Simpler. Integrated payments connects your card machine to Autopart in the cloud, so you don't have to key in the payment twice.

So it's goodbye miskeying mistakes and hello to fast transactions and rapid reconciliations –perfect for busy businesses.

## Serve customers faster.

With your card machine and Autopart working in perfect harmony, there's no need to enter payment amounts twice.

## Protect your profits.

Fewer miskeying mistakes means our integrated customers reduced written-off revenue figures.

## Cash up quicker.

Now you can free up a third of the time you'd normally spend cashing-up – with takings that automatically add up at the end of the day.

Call us on 01226 352901

# Two modes, total flexibility.

## Pay at Counter

Pay at Counter is great for businesses that takes payments at the till. The amount is automatically pushed from your Autopart system to your card machine, so you can serve more customers faster.

## It's simple with Dojo.

### Market-leading security

Protect your income with point-to-point encryption – the world's best payment security.

### No long-term commitment

With minimum contract terms starting from 1 month, we won't tie you down for years.

### Next working day transfers

Receive your takings from 10am the next working day – faster than any other provider as standard.

### Seven-day tech support

Our technical experts are here to help when you need a hand – seven days a week, 8am to 11pm.
